

BISSOL FOR IPHONE 5S & IPHONE 5 – 2000 CALIBRE

Vancouver, Canada – September 12th, 2013:

Today Bissol® announces the introduction of a new time movement, the 2000 Calibre. This mobile timepiece features an automatic mechanical Swiss movement suspended by a unique single bridge. This precision one-piece construction allows for an innovative approach to open movement design. The 2000 Calibre is available in 4 anodized aluminum colors (Slate Gray, Space Gray, Gold, and Silver) as well as a Rhodium plated brass version. By balancing traditional watchmaking with modern technology Bissol has created an innovative mechanical timepiece that advances the way we look at time. A perfect combination of Tradition and Modernity.

CALIBRE 2000

Case	Anodized aluminum with sapphire crystal or rhodium plated brass with sapphire crystal.
Movement	Swiss made automatic movement, 20 jewels, frequency: 28,800 A/h, running time: 40h.
